

The Character and Principle Driven Team Course©

Create your Character and Principle Driven Culture! Some businesses today are struggling due to economics and a variety of other reasons. Personal and professional issues make it hard for even the best employees to stay productive. There are more distractions today, and work environments are shifting people's character and principles. Varying ages, cultures and backgrounds makes things more complicated. Business owners know that employee's bad habits, lack of integrity, work ethic and honesty are often at points of crisis within their company. Companies and individuals sometimes trade profit for character and now are finding that the short term gains are garnering long term negative results.

We believe that people want to work in environments where qualities of strong leadership, character, vision and courage are cultivated in the people around them. When you lose sight of your character and principles, you and your business will fall into the trap of listlessness and ambivalence. If you want to have any hope of reaching your goals as an individual or business, you need to restore these principles, give them meaning and use them to drive you forward. We have a unique, branded, and proven training model that is based on the Global Priority System™ that will bring your business greater success by coaching and training individuals within businesses on universal principles. Our results speak for themselves, and the benefits of the Character and Principle Driven Team Course™ for your business are unmistakable. Your Business will have an improved bottom line after going through our training.

'Shokai Group had the Life Language Communication Workshop today delivered by Scott & Nicole. It was fantastic. They are very friendly, passionate, professional, patient and they made the training very interesting. Everyone liked it and I believe we got to know more about ourselves and our communication effectiveness. Before the training, I was the one who contacted Scott. He is really helpful and always responded quickly & clearly. We are looking forward to having another training by them. Many thanks to Scott & Nicole. :)'

Cynthia Xiang – Office Administrator at Shokai Group

'Everything that we did together was so accurate and right away as Scott and Nicole described the different Life Languages I was able to identify how the Life Languages showed up in my life. I really liked how I wasn't boxed in with the Life Languages... I want to thank Scott and Nicole for facilitating for us because it's an awesome dynamic having them both lead as they both have such a high level of mastery and understanding of it that when they share it and communicate it they are able to make it so relatable. They each were able to share their own experiences and that made a big difference for us.'
